

PRACTICAL NO-6

Demonstrate the creation and management of your digital identity

Aim: Demonstrate the creation and management of your digital identity.

- a) Create a social media profile (LinkedIn preferred).
- b) Add a profile photo, short bio, skills, and education details.
- c) Create a simple post about “My Learning Journey in Digital Literacy.”
- d) Change your privacy settings to:
 - i. Who can see your posts.
 - ii. Who can message you

The screenshot shows a LinkedIn profile page for Saurabh Sharma. At the top, there's a navigation bar with icons for Home, My Network, Jobs, Messaging, Notifications, Me, For Business, and a Premium offer. Below the header is a large profile picture of a beach scene with waves. To the left of the pic is a smaller circular thumbnail of Saurabh's face. His name, "Saurabh Sharma", is displayed with a blue "Add verification badge" button. Below his name, it says "Student at Rungta College of Engineering & Technology Kohka-Kurud Bhilai Chhattisgarh, India · Contact info". He has "500+ connections". At the bottom of this section are buttons for "Open to", "Add profile section", "Enhance profile", and "Resources". To the right of the main profile area, there are several sidebar cards: one for "Profile language" set to English, another for "Public profile & URL" showing the link www.linkedin.com/in/saurabh-sharma-25aa56383, a promoted post from Elbit Systems, and a card for "Who your viewers also viewed" showing "Someone at Sapital Recruitments". At the very bottom, there are links for "Student at E-Cell", "Messaging", and other navigation options.

...

Building digital literacy has helped me use technology more effectively, think critically, and stay safe and responsible online. This journey continues as I learn, grow, and adapt in an ever-evolving digital world.

My Learning Journey in Digital Literacy
Empowering Skills for the Digital Age

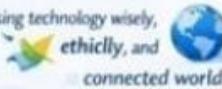

What I've Learned

- Understanding Digital Tools & Platforms
- Safe & Responsible Use of Technology
- Effective Online Communication & Collaboration
- Managing Information & Digital Content

Skills I'm Developing

- Critical Thinking in Digital Environments
- Cyber Awareness & Online Safety
- Digital Creativity & Adaptability
- Lifelong Learning Mindset

Why Digital Literacy Matters

Using technology wisely,  ethically, and effectively to create opportunities in a connected world.

Learning, Growing, & Embracing New Digital Possibilities.
